

Ref:POLYRIB/DOCS/32

SUB: POLYRIB UHMW FOR DOCKS

Dear Sirs,

We are glad to introduce ourselves as the manufacturer of POLYRIB UHMW, a multipurpose and unique engineering polymer plastic material available in the form of Block, Rod, Sheets, Profile etc which is suitable for Fender & Docks as well as Hydraulic architecture and Environmental technology due to its following excellent properties.

IMPACT RESISTANT

EXCELLENT TENSILE STRENGTH

ULTRA VIOLET PROTECTED

NOT INFLUENCED BY WATER

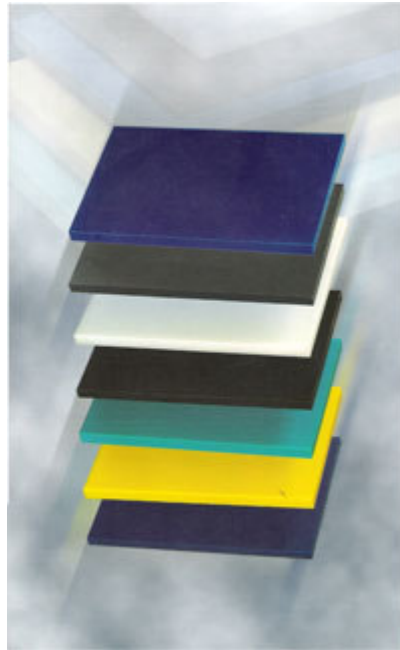

CORROSION PROOF

NO MOISTURE ABSORPTION

DOES NOT ROT

Also we would like to brief some more advantages:

- SLIDING ELEMENTS AND GUIDE LEADS MADE OF POLYRIB UHMW ENSURE AN EVEN COURSE OF MOVEMENTS WITHOUT JOLTING.
- QUAY WALLS AND LOADING AREAS IN A LARGE NUMBER OF SEA AND INLAND PORTS ARE PROTECTED EXTENSIVELY USING OUR POLYRIB UHMW.
- ATTRITION PARTS MADE OF POLYRIB UHMW CAN BE REPLACED QUICKLY, EASILY AND COST EFFECTIVELY.
- THIS CAN USE AS CABLE PROTECTION BOARDS
- DOCK FENDER.

Our POLYRIB UHMW items are working satisfactorily with

- a) Paradip Port Trust, Paradip
- b) Visakhapatnam Port Trust, Visakhapatnam
- c) Murmugao Port Trust, Mumbai

We hope the above item will be found suitable to your requirement. Please send us your valued enquiry, enable us to submit our offer.

Thanking you,

For Khanna Polyrib Pvt Ltd
