Sub : POLYMER SHEETS 1.5MM /2MM THICK

Dear Sir,

We are glad to introduce Polymer Sheets for improving stacking capacity of Tyres.

We have supplied above sheets to our reputed users and they are fully satisfied with

the performance. In fact they have been able to stack four Pallets of tyre by placing

these Polymer sheet in between each Pallets. It is saving lot of godown space.

We now request you to favour us with your valued order.

Thanking you,
