

Ref : KPPL/TW/22

SUB : PLASCON UHMW TROLLEY WHEELS

Dear Sirs,

In this connection we are glad to introduce ourselves as the manufacturer of PLASCON Trolley Wheels which are made of 100% virgin or recycled UHMW powder and are fabricated out of best quality sheets.

Due to excellent following properties and durability our products are running very successfully and approved with reputed industries/ mills in India .

- High impact resistance & flexural strength
- Very good resistance at minus temperature as well as high temperature
- Very easy movement
- Self Lubricating, can be used with or without bush and bearing
- Unbreakable and non rusty
- Machinable
- Easy fitting can be used by direct fitting on shaft
- Unaffected by water, oil, dyes, pigments, soda, fertilizer, cement etc.
- Heavy load bearing capacity
- Maintenance almost nil
- Does not require extra accessories like Nut-bolt & Flange
- No atmospheric effect
- Available sizes 1" Dia to 24" Dia & ¾" to 6" thickness
- Lighter & Longer life than rubber and conventional wheel
- Non-deflating nature
- Excellent compressed quality

Our material shall be guaranteed for 3 years from the date of supply against defective materials or workmanship.

It is assured that you will be fully satisfied with the qualitative working performance and durability of our above product.
