REF : PLASCON /WEAR STRIPS/04

SUB : PLASCON BRAND UHMW (AN ENGG. PLASTIC) WEAR RESISTANCE STIRPS FOR CONVEYOR CHAIN , PLATE ETC.

We are glad to inform you that we are manufacturing PLASCON Brand UHMW Wear Resistance Strips for Chain Conveyor .

- PLASCON Brand UHMW Wear Resistance Strips are reducing wear & tear of costly chain.

- PLSCON Brand UHMW Wear Resistance Strips are running successfully due to its self lubricating properties, Tough Mechanical Resistance strength, Low co-efficient of friction these reducing abrasion ultimately drag load, hence reducing Power consumption by 20 to 25 %.

- The above PLASCON Brand UHMW Wear Resistance Strips for Conveyor Chain are approved by biggest manufacturer of Soybean products as well as various other reputed manufacturers .

We now request you to please favour us with your valued Trial Order to confirm the quality performance of above PLASCON Brand UHMW Wear Resistance Strips .

- For your kind consideration we also give below other items we are manufacturing.

PLASCON Idlers PLASCON Bushes
PLASCON Shaft PLASCON Clamp “C” Type
PLASCON Gear PLASCON Sprocket
PLASCON Scrapper for Belt PLASCON Impact Roller, Bag Driver
PLASCON Cover for Air Separators
PLASCON Trolley Wheel Solid with Bush or Bearing and fix caster
Bottling Parts like Infeed Worm, Star Wheel etc.

WEAR RESISTANCE STRIP CAN BE MADE AS PER YOUR DESIGN OF ANY TYPE

- The UHMW material has the following excellent properties

Tough Mechanical Strength Water Repellant
Homogenous construction Light in weight
Excellent abrasion resistance Inert to aggressive chemical, Acids, Alkalies etc.
Self lubricant

We now request you to please expedite your enquiry for the above enable us to submit our competitive offer. Incase you need any other query or information please feel free to mail us at info@polyrib.com or visit us at www.polyrib.com
